It's our people that make Lewisham so special. We've got strong communities and we're one of the most diverse boroughs in the country. We're proud to be the UK's first Borough of Sanctuary, which recognises our values of inclusion and equality. Lewisham is a cultural hotbed, and we're excited to put into action our learning and legacy from our year as London Borough of Culture 2022.

We know that we best serve our residents by strengthening our financial resilience, and that we need to transform the way we deliver our services, moving towards being digital by design, aligning our resources across our partnership networks and always putting our residents first. We are committed to promoting inward investment and creating opportunity in Lewisham. As we drive forward transformative projects such as our regeneration of Lewisham Town Centre, the delivery of our Catford masterplan and the extension of the Bakerloo Line into the Borough, we will continue to ensure our investments deliver for our residents.

This is a challenging time for local government, and this is a challenging and exciting role with scope to have real and positive impact. We're looking for an inspirational leader who will want to place residents at the heart of these important services; who is passionate about local government and who will work creatively and collaboratively to achieve the best for our Borough. You will be supported in achieving this by a strong and supportive Leadership Team here at Lewisham.

If you share our values and believe you have what we're looking for, we look forward to hearing from you.
