Maudsley Charity

Candidate Pack for Director of Finance and Operations

# Welcome

Thank you for your interest in joining Maudsley Charity at this exciting and transformative moment in our journey. We are a grant-making charity with a proud history and a bold vision: to ensure that everyone who experiences mental illness, without exception, can access the care that's right for them. We focus our resources on work that is underpinned by evidence, experience, and equity, and share what we learn to make change not just in south London but elsewhere in the UK.

Maudsley Charity is entering a new chapter of growth and renewal. We are strengthening our governance, welcoming new trustees, and establishing a Finance, Audit and Development Committee to underpin our ambitions. We are evolving our operating model to ensure we remain agile and effective as we scale our impact. Following a period of interim leadership in this role, we are now seeking a permanent Director of Finance and Operations who will play a pivotal role in shaping this next phase.

This is a role of considerable breadth and strategic influence. The Director of Finance and Operations will lead our financial strategy, oversee our investment approach—including social and impact investing—and manage our property portfolio. The role will also explore innovative funding models and commercial opportunities, ensuring we have the resources and resilience to deliver our mission. Alongside this, it will lead core operational functions—HR, IT, Facilities—and drive digital transformation to strengthen our infrastructure for the future.

Your leadership will be central to delivering three major shifts in how we work:

 Moving from grant-making to change-making, ensuring our resources drive systemic improvements in mental health care.

- Transitioning from funding to co-funding, building partnerships that amplify impact and leverage shared investment.
- Expanding from local impact to impact beyond south London, scaling our influence and sharing our learning nationally.

Sound financial stewardship is at the heart of these ambitions. As our programmes grow, we need robust planning, governance, and insight to ensure sustainable delivery and measurable impact.

We are seeking someone who brings commercial acumen, strategic insight and a collaborative, confident approach; someone motivated by the opportunity to contribute to a charity with a bold mission and a strong platform for growth and someone who is a thoughtful and inclusive leader for our talented team.

You will join a committed and values-driven team at an exciting and transformative stage. There is genuine appetite for development and for strengthening the way we work—and your leadership will play an important role in helping shape this next chapter.

Thank you once again for your interest. We look forward to learning more about what you could bring to Maudsley Charity and how you might help us deepen our impact in the years ahead.

Warm regards,

Sarah Holloway Chief Executive Maudsley Charity

# **About Maudsley Charity**

Maudsley Charity is a grant-making charity that advances and accelerates positive change in mental health care in south London.

We fund and support key clinical, academic and community partners so that everyone who experiences mental illness, without exception, can access the care that's right for them.

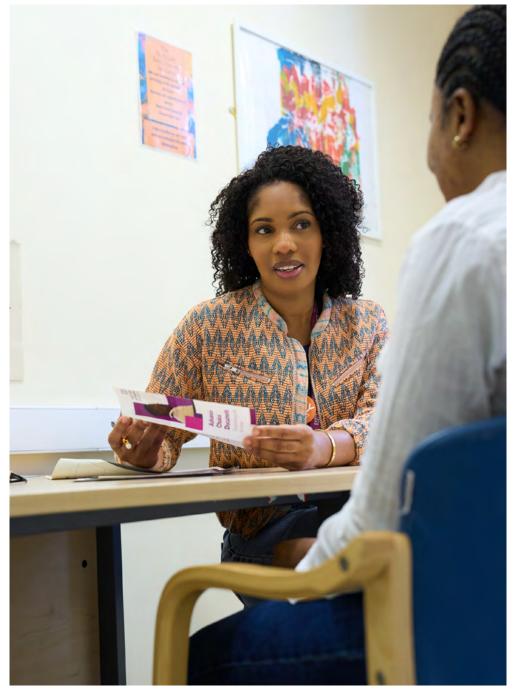

While our roots are embedded firmly in our local community in south London, we aim to also seed positive change in mental health care elsewhere in the UK, by sharing and amplifying the knowledge and evidence that is generated through the work that we fund.

# Why we're here

Mental illness can have a profound impact on a person's life – affecting their relationships, education, career, and physical health.

Our approach is led by clear and undeniable evidence that not everyone who experiences mental illness receives the care they need to live as well as possible.

In south London, there are clear differences in the risk of mental illness, and the experience and outcomes from care. The impact of social deprivation and racism are especially stark.

#### How we work

Our approach is grounded in evidence, experience and equity:

- **Evidence**: We identify and financially back the most promising solutions that draw on and generate learning and evidence.
- **Experience**: Mental health care is more effective when it is informed by relevant expertise and lived experience.
- **Equity**: We focus our funding on those most failed by services and society, driving improvements that benefit everyone.

## The change we want to see

- · Greater equity in care and support
- · High-quality, evidence-based treatment available to all
- Care shaped by diverse expertise and lived experience
- Earlier intervention
- More people living well with mental illness

### **Full strategy**

#### Where we've come from

Our history reaches back to the founding of Bethlem Royal Hospital in 1247. We became an independent charity in 2018, with a Board comprising eight independent trustees and three trustees nominated by South London and Maudsley NHS Foundation Trust.

## **Our strategic priorities (2024–2029)**

- Improve outcomes and opportunities for people affected by psychosis
- Improve mental health for children and young people in the most challenging circumstances
- Strengthen care and support delivered by South London and Maudsley NHS FT
- Transform understanding and treatment of young people's mental health through the King's Maudsley Partnership based at the flagship Pears Maudsley Centre for Children and Young People.
- Be an effective, inclusive and reflective organisation
- Build now for long-term impact

# Thematic funding areas

- Living Well with Psychosis
- · Building Brighter Futures
- Advancing Care in our Local Trust
- King's Maudsley Partnership & Pears Maudsley Centre

# **Our values**

#### We are ambitious for change

- We are brave and intentional, taking calculated risks to tackle the complex challenge of delivering better mental health care for everyone.
- We support the creation of new evidence, invest in fresh ideas, and help expand proven solutions to make a lasting difference.

#### We are compassionate

- We engage everyone with care and respect, mindful of the contexts facing people who experience mental illness and people who deliver mental health care.
- We lighten our grant holders' workload by creating a balanced and efficient grantmaking process from application to evaluation.

#### We are inclusive

- We value knowledge, expertise and personal experience, championing diverse perspectives and empowering everyone to contribute to our decision-making.
- We prioritise projects that actively involve people with lived experience in shaping care and treatment.

#### We act with integrity

- We carefully consider our social and environmental impacts and uphold high ethical standards, especially in our fundraising, procurement, and investment practices.
- We are fair and transparent in our grant-making and hold ourselves and our grant holders accountable for effective delivery.

#### We value relationships

- We nurture relationships based on mutual respect, and acknowledge the roles played by all stakeholders in achieving our shared mission.
- We provide the support, trust and open dialogue our colleagues and grant holders need to succeed.

#### Our commitment to DEI

We are strongly committed to diversity, equity and inclusion. Racism, discrimination and deprivation are closely linked to poorer mental health outcomes, and addressing these impacts is fundamental to our mission. DEI is a visible and essential thread running across all our programmes and ways of working.
